Commissioning

# ENTERPRISE SOLAR SOLUTIONS FOR ANY SCALE, ANY BUDGET.

Tata Power Solarroof delivers tailored solar solutions for enterprises, driving substantial savings and energy independence for a smarter, greener future.

## SOLAR MODULES

Convert sunlight into DC electricity.

## INVERTER

Converts DC electricity into usable AC electricity.

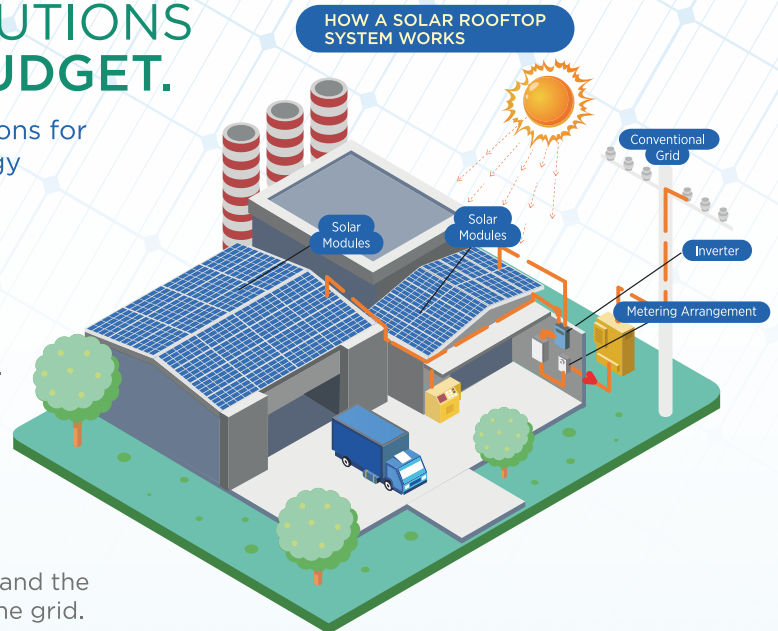

## CONVENTIONAL GRID

Supplies electricity to premises. The sum towards excess electricity is credited to the owner's account.

## METERING ARRANGEMENT

To measure how much power your premises use and the electricity that the solar power system feeds to the grid.

## CUSTOMER TESTIMONIAL

“

We chose TATA Power as our solar partner because of their strong brand reputation, goodwill, and reliable service.

For our 200 kWp installation, the system has performed as per our expectations, delivering consistent electricity savings and enduring extreme weather conditions, including storms and cyclones in the Kutch district.

When the inverter required replacement due to fire, TATA Power's prompt support ensured a smooth resolution under warranty. Their professionalism and commitment to quality make them a trusted partner for solar installations.

**Mr. Mukesh Belani, BM Plywood Industries Pvt. Ltd., Gujarat**

”

## CLIENTS ACROSS VARIOUS SECTORS

Steel and Metal Processing

Automobile & Automotive Components

Textiles & Garment Manufacturing

Chemical & Petrochemical

Data Centres & IT Parks

Engineering, Tools & Machinery Fabrication

Pharmaceuticals & Medical Equipment

Plastic Polymer & Packaging

...and a diverse range of other energy-intensive sectors.
